Graduation of the First Citizens Fire Academy

(Greenville SC) The Greenville City Fire Department is excited to announce the successful completion of our First Citizens Fire Academy. Our First class consisted of **11** dedicated members of our community that successfully completed our seven week program. These individuals were given the unique opportunity to tour the City's fire stations and dispatch center, meet its firefighters and 911 personnel, and learn firsthand what it is like to be a firefighter. Participants were exposed to both classroom and hands-on learning opportunities, including wearing personal protective equipment, extinguishing a fire, and learning CPR and basic first aid. Our graduation was held on November 14, 2013 at the department's training facility, located at 688 Mauldin Road. Photos of the class can be found on City of Greenville's Facebook page.
